REVIEW AND RESULTS OF OPERATIONS

The net loss of the Group after income tax for the half-year ended 31 December 2017 amounted to loss of \$731,097 (2016: \$819,818).

REVIEW OF ACTIVITIES

The Group’s activities are reported in announcements to the ASX. Highlights of the half-year of 1 July to 31 December 2017 include:

Calingiri Project, WA

The Company completed first phase bulk ore sorting testwork to determine a “proof of concept”. The results exceeded expectations and in November 2017 Caravel reported:

- Calingiri’s representative bulk ore sorted material copper grades were beneficiated by an average of 81%. The highest sample product increase in overall grade of 139% resulted in an encouraging 71% reduction in feed with only a 34% deferral or loss of contained copper
- Molybdenum and silver were also upgraded by 111% in the high-grade product
- Potential to materially reduce plant size and related Capex, decrease cash costs and maintain annual production that could result in vastly improved project economics
- Significant potential for higher feed grades from sorted ore in the early years of production
- Further bulk ore sorting testwork with larger bulk samples of approximately 1-2 tonnes was planned and is underway
- Potential to replace reduced ore feed from:
 - re-optimisations of the existing Bindi, Dasher and Opie JORC Resources
 - exploration for extensions of the existing JORC resources and
 - exploration of recently discovered targets within the Calingiri trend
- Additional physical testwork indicated lower than expected crushing work indices

On 18 December 2017 the Company announced its summer work programs. These included:

- A 5,000 metre Reverse Circulation (RC) drilling program to evaluate extensions to current JORC Resources. This is part of a planned 20,000 metre drilling program to test a series of targets within the Calingiri Project trend
- Drilling to evaluate water resources
- The second phase of the bulk ore sorting testwork utilising more than 1 tonne of representative mineralisation with core being crushed in early January 2018 and laboratory sorting to follow
- Advanced metallurgical testwork to further confirm initial positive metal recovery and concentrate results
- Culminating in a revised Calingiri Scoping Study incorporating ore sorting as part of the front-end flowsheet and integrating technical and environmental studies required for mining and development approvals

Cautionary Statement

An Exploration Target is conceptual in nature and there has been insufficient exploration to estimate a Mineral Resource in compliance with the JORC Code and it is uncertain if further exploration will result in the estimation of a Mineral Resource as defined by the JORC Code. *(see ASX News Release dated 2 August 2013).*

The information in this report that relates to Exploration Targets and Exploration Results is based on and fairly represents information and supporting documentation compiled by Tony Poustie, a Competent Person who is a full-time employee of Caravel Minerals Limited and a Fellow of the Australasian Institute of Mining and Metallurgy. Mr. Poustie has sufficient experience that is relevant to the style of mineralisation and type of deposit under consideration and to the activity being undertaken to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Notes to the Consolidated Financial Statements

For the Half-Year Ended 31 December 2017

1. SIGNIFICANT ACCOUNTING POLICIES

a) Basis of preparation

The half-year financial report is a general purpose financial report prepared in accordance with the requirements of the *Corporations Act 2001* and Australian Accounting Standard AASB 134: Interim Financial Reporting.

Accordingly, the half-year financial report does not include full disclosures of the type normally included in the annual financial report and therefore cannot be expected to provide as full and understanding of the financial performance, financial position and financing and investing activities as the full financial report.

It is recommended that this financial report be read in conjunction with the annual financial report for the year ended 30 June 2017 and any public announcements made by Caravel Minerals Limited during the half-year in accordance with continuous disclosure requirements arising under the *Corporations Act 2001*.

b) Reporting basis and conventions

The half-year financial report has been prepared on an accruals basis and are based on historical costs.

The accounting policies and methods of computation adopted in the preparation of the half-year financial report are consistent with those adopted and disclosed in the Group's 2017 annual financial report for the financial year ended 30 June 2017.

c) Accounting policies

The accounting policies applied by the Group in the interim financial report are the same as those applied by the Group in its financial report as at and for the year ended 30 June 2017 and the corresponding interim reporting period and have been consistently applied unless otherwise stated.

New amended and revised standards that are mandatory for 31 December 2017 interim periods have been applied in this interim financial report and did not have a significant impact on the reported results or financial position.

Certain new accounting standards and interpretations have been published that are not mandatory for the 31 December 2017 interim reporting period and have not been applied in these financial statements.

d) Going Concern

This report is prepared on the going concern basis which assumes the continuity of normal business activity and the realisation of assets and settlement of liabilities in the normal course of business.

The Group incurred a net loss of \$731,097 during the half-year ended 31 December 2017 and as of that date the Group had current assets of \$828,314 (30 June 2017: \$363,374) including cash and cash equivalents of \$760,283 (30 June 2017: \$287,689). Net cash used in operating activities for the period was \$646,802 (2016: \$819,084).

These conditions indicate a material uncertainty that may cast doubt about the ability of the Group to continue as a going concern. The ability of the Group to continue as a going concern is principally dependent upon its ability to secure funds by raising capital from equity markets or by other means, and by managing cash flows in line with available funds, and/or the successful development of its exploration assets.

The Directors are confident of the ability of the Company to raise capital as and when required, which has been demonstrated by the Company raising \$1,202,000 before costs during the 2017 calendar year (2016: \$1,250,000). The Directors are satisfied there are sufficient funds to meet the Group's working capital requirements as at the date of this report. On the 12 January 2018 the Company announced that A\$1,071,042 in cash had been received via a partially underwritten one (1) for (4) non-renounceable pro rata rights issue as announced on 27 November 2017 had closed.

The Directors have reviewed the business outlook and the assets and liabilities of the Group and are of the opinion that the going concern basis of accounting is appropriate as they believe the Group will continue to be successful in securing additional funds as and when the need to raise funds arises.

Should the entity not be able to continue as a going concern, it may be required to realise its assets and discharge its liabilities other than in the ordinary course of business, and at amounts that differ from those stated in the financial statements and that the financial report does not include any adjustments relating to the recoverability and classification of recorded asset amounts or liabilities that might be necessary should the entity not continue as a going concern.

2. SUBSIDIARIES

The consolidated financial statements incorporate the assets, liabilities and results of the following subsidiaries in accordance with the Company's accounting policy.

The Group does not have any material operating segments with discrete financial information. The Group does not have any customers and all its' assets and liabilities are primarily related to the mining industry and are located within Australia. The Board of Directors review internal management reports on a regular basis that is consistent with the information provided in the statement of profit or loss and other comprehensive income, statement of financial position and statement of cash flows. As a result, no reconciliation is required because the information as presented is what is used by the Board to make strategic decisions.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Caravel Minerals Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Caravel Minerals Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2017, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year then ended, notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group is not in accordance with the Corporations Act 2001 including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2017 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 Interim Financial Reporting and Corporations Regulations 2001.

Emphasis of matter - Material uncertainty relating to going concern

We draw attention to Note 1(d) in the financial report which describes the events and/or conditions which give rise to the existence of a material uncertainty that may cast significant doubt about the Group's ability to continue as a going concern and therefore the Group may be unable to realise its assets and discharge its liabilities in the normal course of business. Our conclusion is not modified in respect of this matter.

Directors' responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the Corporations Act 2001 including giving a true and fair view of the Group's financial position as at 31 December 2017 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

As the auditor of the Group, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the Corporations Act 2001. We confirm that the independence declaration required by the Corporations Act 2001, which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's review report.
